Focus Groups Current EASA Participant Survey

This form is in place of focus groups but does not prohibit participants from also following up their concerns with EASA staff members.

1) How do you feel the EASA program in your county has met your individualized needs?

__________________________________________________________________________
__________________________________________________________________________
__________________________________________________________________________

2) Where do you believe the EASA program in your county needs to improve? Please be as specific as possible.

__________________________________________________________________________
__________________________________________________________________________
__________________________________________________________________________

3) How accessible do you feel the EASA program is in your county?

__________________________________________________________________________
__________________________________________________________________________
__________________________________________________________________________

4) In what way do you believe the program could be more accessible?

__________________________________________________________________________
__________________________________________________________________________
__________________________________________________________________________

5) How has the EASA program in your county aided your family in understanding your psychosis? How can we improve?

__________________________________________________________________________
__________________________________________________________________________
__________________________________________________________________________
__________________________________________________________________________
__________________________________________________________________________
6) How well do you feel the EASA program meets your cultural and familial standards? Please give examples. How can we improve?

7) How do you feel the multi-family/single-family groups benefit you? How can we improve?

8) How do you feel that you have benefitted from support in either school or work? How can we improve?

9) Do you have any other positive or negative feedback for your local EASA team? Please Share.

THANK YOU FOR YOUR FEEDBACK!

As a team we will review what you have reported to better fit your needs
Please give or send this document back to your local Community Counseling Office
